Featured Announcements

FDA-GMP Networking Happy Hour for Graduate Students and Postdoctoral Trainees

5:15-6:45 pm Wednesday, March 11

Hill Atrium - Georgia Center for Continuing Education (Athens, GA)

[Register here for the free networking event.](#)

Registration will close March 8!

Join us for an evening of networking with graduate students, postdoctoral trainees, and industry professionals at the [44th Annual International GMP Conference](#) at the Georgia Center for Continuing Education and Hotel. This is a FREE networking event offered by the UGA Graduate School, the Office of Postdoctoral Affairs, and the College of Pharmacy. Complimentary alcoholic and non-alcoholic beverages will be available in addition to hors d'oeuvres. Business

professional dress (or nice business casual) is recommended for the event. NOTE: Registering and "no showing" for events such as these is costly and wasteful! Please make every effort to attend if you register - check your calendar BEFORE hitting submit.

Coming Soon – Postdoc Domestic and International Travel Assistance Program

Starting in the new fiscal year (July 2020), there will be a new competitive postdoc travel assistance program for both domestic and international travel. This program will be administered through the Office of Postdoc Affairs. Details of the program will be advertised as soon as they are finalized.

UGA Events and Opportunities

Creating a Sustainable Writing Practice Spring 2020 Upcoming Events

Striving to make progress on a writing project? Join these weekly gatherings for strategies, camaraderie, inspiration, and uninterrupted writing time. This series is a joint project of Write@UGA and the Office of Faculty Affairs.

First Fridays: Setting Your Writing Goals & Building Accountability
Second Fridays: Writing Oasis for quiet writing time
Third Fridays: Workshops for increasing writing quality and output
Fourth Fridays: Writing Oasis for quiet writing time

Other Opportunities

Two Research Position Openings: University of Illinois at Chicago

Position 1: The laboratory of Dr. Marlene Bouvier in the Department of Microbiology and Immunology at the University of Illinois at Chicago has an immediate opening for a Research Scientist or Postdoctoral Associate, based on number of years of research experience after PhD, to play an active role in our ongoing studies of the MHC I antigen processing and presentation pathway, including the ERAP enzymes. We are seeking a highly motivated and passionate researcher with a rigorous training in molecular immunology, biochemistry, or related fields and advanced hands on experience in biochemical assays and biophysical techniques such as SPR, fluorescence anisotropy, electrophoresis, as well as skills in maintenance of mammalian cells and protein expression/purification.

The selected candidate will have the opportunity to gain knowledge in structural immunology.

Position 2: The laboratory of Dr. Marlene Bouvier in the Department of Microbiology and Immunology at the University of Illinois at Chicago has an immediate opening for a Research Scientist or Postdoctoral Associate, based on number of years of research experience after PhD, to play an active role in our ongoing studies of immune evasion mechanisms involving Adenovirus and immune cell surface receptors. We are seeking a highly motivated and intellectually curious individual with a rigorous training in virology/immunology or related fields and advanced hands on experience in molecular biology and other techniques such as generation of virus stocks, determination of virus titers, acquisition and analysis of flow cytometry data, quantitative PCR, cell-based and biochemical assays, electrophoresis techniques, and maintenance of mammalian cells. The selected candidate will have the opportunity to gain knowledge in structural virology/immunology.

For immediate consideration, please submit a cover letter to mbouvier@uic.edu and a complete resume. Visit our lab website for more information: <https://mbouvier8.wixsite.com/marlenebouvierlab>.

MD Anderson Cancer Center's TRIUMPH Translational Postdoctoral Fellowship
www.mdanderson.org/CPRIITRIUMPH

The University of Texas MD Anderson Cancer Center is currently accepting applications for the CPRIT TRIUMPH Postdoctoral Fellowship in Translational Cancer Research. This three-year fellowship provides basic, translational, and clinical training and aims to further develop talented PhD or MD/PhDs into successful clinical/translational research scientists.

Applications are reviewed quarterly with the next cycle due dates of March 31, 2020 and June 30, 2020. Additional information regarding eligibility, application process, and current trainees and program alumni profiles are found at www.mdanderson.org/CPRIITRIUMPH.

Please contact Dr. Kari Brewer Savannah, Program Manager, with any questions at ksavannah@mdanderson.org.
